

**Final Edit - Documentary Rubric**

	<b>Exceeds Expectations 3</b>	<b>Meets Expectations 2</b>	<b>Does Not Meet Expectations 1</b>	<b>Missing 0</b>
<b>Rainfall</b>	<p>Presents scientifically accurate information on ecosystem.</p> <p>Addresses each of the following topics:            1. How trade winds influence local rainfall patterns including:            2. Orographic rainfall &amp;            3. The rain shadow</p> <p>The information presented is high school level but are presented in a way that is easy to understand.</p>	<p>Presents scientifically accurate information on ecosystem.</p> <p>Addressees two of the three topics listed in the Exceeds Expectations column.</p> <p>Facts are middle school level or are high school level but not presented in an easy to understand way.</p>	<p>Presents information that is inaccurate or unscientific.</p> <p>Addresses one of the three topics listed in the Exceeds Expectations columns.</p> <p>Facts are generic and provide the minimum amount of information necessary for a basic understanding of the ecosystem. Facts are below grade level. Facts are present but are not presented in a way that is easy to understand.</p>	<p>Information is missing from the documentary.</p>
<b>Rainforest</b>	<p>Presents scientifically accurate information on ecosystem.</p> <p>Addresses each of the following topics:            1. How rainforests collect and hold water            2. Why a native rainforest is better than a non-native rainforest            3. Includes information on important rainforest species            4. Explains major threats to rainforests</p> <p>The information presented is high school level but are presented in a way that is easy to understand.</p>	<p>Presents scientifically accurate information on ecosystem.</p> <p>Addressees three of the four topics listed in the Exceeds Expectations column.</p> <p>Facts are middle school level or are high school level but not presented in an easy to understand way.</p>	<p>Presents information that is inaccurate or unscientific.</p> <p>Addresses two of the four topics listed in the Exceeds Expectations columns.</p> <p>Facts are generic and provide the minimum amount of information necessary for a basic understanding of the ecosystem. Facts are below grade level. Facts are present but are not presented in a way that is easy to understand.</p>	<p>Information is missing from the documentary.</p>
<b>Wetland</b>	<p>Presents scientifically accurate information on ecosystem.</p> <p>Addresses each of the following topics:            1. Where wetlands are located on Maui</p>	<p>Presents scientifically accurate information on ecosystem.</p> <p>Addressees three to four of the give topics listed in the Exceeds Expectations column.</p>	<p>Presents information that is inaccurate or unscientific.</p> <p>Addresses two of the four topics listed in the Exceeds Expectations columns.</p>	<p>Information is missing from the documentary.</p>

	<p>2. The function of a wetland in the watershed ecosystem</p> <p>3. Ecosystem services provided by a wetland</p> <p>4. Important native species found in wetlands</p> <p>5. Explains major threats to wetlands</p> <p>The information presented is high school level but are presented in a way that is easy to understand.</p>	<p>Facts are middle school level or are high school level but not presented in an easy to understand way.</p>	<p>Facts are generic and provide the minimum amount of information necessary for a basic understanding of the ecosystem. Facts are below grade level. Facts are present but are not presented in a way that is easy to understand.</p>	
<b>Stream</b>	<p>Presents scientifically accurate information on ecosystem.</p> <p>Addresses each of the following topics:</p> <ol style="list-style-type: none"> <li>1. Characteristics of Maui streams</li> <li>2. The function of a stream in the watershed ecosystem</li> <li>3. Important native species found in streams</li> <li>4. Explains major threats to streams</li> </ol> <p>The information presented is high school level but are presented in a way that is easy to understand.</p>	<p>Presents scientifically accurate information on ecosystem.</p> <p>Addressees three of the four topics listed in the Exceeds Expectations column.</p> <p>Facts are middle school level or are high school level but not presented in an easy to understand way.</p>	<p>Presents information that is inaccurate or unscientific.</p> <p>Addresses two of the four topics listed in the Exceeds Expectations columns.</p> <p>Facts are generic and provide the minimum amount of information necessary for a basic understanding of the ecosystem. Facts are below grade level. Facts are present but are not presented in a way that is easy to understand.</p>	<p>Information is missing from the documentary.</p>
<b>Coral Reef</b>	<p>Presents scientifically accurate information on ecosystem.</p> <p>Addresses each of the following topics:</p> <ol style="list-style-type: none"> <li>1. Explains why coral reefs are extremely biodiverse</li> <li>2. Ecosystem services provided by coral reefs</li> <li>3. Important native species found in coral reefs</li> <li>4. Explains major threats to coral reefs</li> </ol>	<p>Presents scientifically accurate information on ecosystem.</p> <p>Addressees three to four of the give topics listed in the Exceeds Expectations column.</p> <p>Facts are middle school level or are high school level but not presented in an easy to understand way.</p>	<p>Presents information that is inaccurate or unscientific.</p> <p>Addresses two of the four topics listed in the Exceeds Expectations columns.</p> <p>Facts are generic and provide the minimum amount of information necessary for a basic understanding of the ecosystem. Facts are below grade level. Facts are present but are not presented in a way that is easy to understand.</p>	<p>Information is missing from the documentary.</p>

	<p>5. Explains how the health of watersheds impacts the coral reef</p> <p>The information presented is high school level but are presented in a way that is easy to understand.</p>			
<b>Half-Earth Quotes</b>	<p>Includes at least four quotes from Half Earth.</p> <p>In the film the narrator gives credit to Wilson by saying something along the lines of "Wilson says .... "</p>	<p>Includes at least three quotes from Half-Earth.</p> <p>In the film the narrator gives credit to Wilson by saying something along the lines of "Wilson says .... "</p>	<p>Includes at least two quotes from Half Earth.</p> <p>In the film the narrator gives credit to Wilson by saying something along the lines of "Wilson says .... "</p>	<p>Includes only one or no quotes from Half Earth.</p> <p>In the film the narrator gives credit to Wilson by saying something along the lines of "Wilson says .... "</p>
<b>Footage</b>	<p>All footage is of high quality and makes sense in the context of what the narrator is saying.</p>	<p>Most (75%) footage is high quality and makes sense in the context of what the narrator is saying.</p>	<p>Some (25% - 50%) footage is high quality and makes sense in the context of what the narrator is saying.</p>	<p>Less than 25% of the footage is high quality. Footage does not make sense in the context of what the narrator is saying.</p>
<b>Title</b>	Present	n/a	n/a	Not present
<b>Credits</b>	Present	n/a	n/a	Not present
<b>References</b>	Present	n/a	n/a	Not present
<b>Other Editing</b>	<p>Film includes transitions between scenes, narration, and music where appropriate. Film is easy to understand because it flows well from topic to topic.</p>	<p>Film includes transitions between <math>\frac{3}{4}</math> of scenes, some sections would be improved with narration and/or music. Majority of film is easy to understand because it flows well from topic to topic but there are 1 or 2 places where the story is not smooth.</p>	<p>Film includes transitions between <math>\frac{1}{2}</math> of scenes, at half of the film would be improved with narration and/or music. Film is not easy to understand because it does not flow well from topic to topic.</p>	<p>Film includes transitions between <math>\frac{1}{4}</math> or less of scenes, <math>\frac{3}{4}</math> of the film would be improved with narration and/or music. Film is not easy to understand because it does not flow well from topic to topic.</p>
